

# MISUNDERSTOOD MUTTS RESCUE

## **Spay & Neuter Program**

---

Spay & neuter services have become a crucial component of the MMR mission. Since 2020, our clinics and vouchers have provided low-cost spay and neuter services to 560 dogs and cats in Yakima County. Considering the number of offspring that can be produced in each animal's lifetime, that's a potential 70,000 animals prevented from ever needing to be rescued.

**That's impact.**

## MISUNDERSTOOD MUTTS RESCUE **Spay & Neuter Program**

Once a month, Misunderstood Mutts Rescue partners with Rescue Pet Vet to bring low-cost vet spay, neuter, and vaccination services to the Yakima area. RPV travels from Bellingham with their state-of-the-art mobile facility, and MMR volunteers travel from Bellingham and Olympia. In addition to our mobile clinics, we also offer year-round vouchers for spay and neuter appointments at Yakima Humane Society.

**Average volunteer time per clinic: 50 hours**

**Average cost per mobile clinic: \$2,000**

**Average monthly voucher program cost: \$1,500**

*Clinic cost includes room, board, and travel fees for Rescue Pet Vet and MMR volunteers.*

*Rescue Pet Vet performs all surgeries at cost, and does not invoice MMR for time.*

**We're looking for sponsors so we can continue offering these much-needed services to the Yakima area!**

Not only will your sponsorship help build brand respect and credibility with your customers, you'll also be directly supporting MMR's ultimate goal: a world free of homeless, neglected, abused, and abandoned animals.

*MMR is a registered 501(c)3 non-profit organization, and your sponsorship is tax deductible.*
